Hospital Safety and Security

Avigilon provides proactive security solutions to help protect patients and staff across hospital areas and locations, while securing technology and equipment.

Powerful Search

Avigilon Appearance Search™ technology sorts through hours of video with ease to quickly locate a specific person or vehicle of interest across an entire site, helping reduce response times to accidents, hospital theft, and patient elopement.

Easy Integration

Avigilon solutions are built on an open platform and allow you to slowly migrate current analog or hybrid systems to full IP without significant added cost.

Secure Access

Avigilon's Access Control Manager (ACM) System helps restrict access to designated wings, equipment rooms, and medication storage.

Enhanced Investigation

Avigilon Control Center (ACC) offers thumbnail search capabilities to help you cut down your investigation time across all cameras.

Efficient Bandwidth Management

Avigilon High Definition Stream Management (HDSM)™ and HDSM SmartCodec™ technologies reduce bandwidth and storage needs while maintaining image quality.

Avigilon Solutions for Healthcare

Self-learning Video Analytics
Recognize and detect the movements of people and vehicles, notifying operators of events that may need further investigation.

HD Multisensor Camera Line
Provides flexible scene coverage with one license and wire pull to save on installation, time, and cost.

H4 HD Pro Camera Line
Covers vast areas while still delivering exceptional image detail to zoom in, helping to identify and quickly respond to potential security events.

Access Control Manager (ACM) System
Works together with ACC™ software to produce action-based alarms, and notifications so you can respond quickly to events.

Avigilon Presence Detector (APD) Sensor
Uses impulse radar with self-learning radar analytics and accurately detects the presence of a person, even if they have stopped moving or are hidden; designed for indoor locations.

Avigilon, a Motorola Solutions company, designs, develops, and manufactures video analytics, network video management software and hardware, surveillance cameras, and access control solutions.

- 24/7 technical support by phone or online chat
- Complimentary software training
